Boca Magazine 2008

Customers review on the Internet

This surprisingly stylish little restaurant takes the fear out of Asian fusion with food that gently marries East and West....the only thing you have to fear is not checking it out for yourself. Florida table magazine.

A rare find for the Palm Beaches. Outstanding food and presentation...Alan

One of the best restaurants on all levels. The food is phenomenal, the service is equally impressive, the quality is second to none and it is more than fairly priced. I am absolutely the pickiest customer and this place knocks it out of the park! You will not find more creative cuisine, excellently executed anywhere. You will not be disappointed...Simon
